

-CKW-55

The stainless steel checkweighing indicator

For checkweighing in pounds, lbs, oz, combined lb:oz display, kilograms, grams, or percent of target. The Ohaus CKW-55 indicator provides IP66/NEMA 4X washdown protection. NSF listed/Certified, USDA/AMS accepted, supports HACCP-Certified Systems

Capacity: 6-60 lb, 3-30 kg

Readability: 0.001-0.01 lb, 0.0005-0.005 kg

Units: lb, oz, lb:oz, g, kg, %

-OHAUS T31XW

Your affordable choice for general weighing and simple counting applications in wet environments

With its 304 stainless steel IP66 enclosure, the T31XW indicator also features a stainless steel wall mount bracket with adjustment knobs, a four function membrane keypad with raised, tactile switches and an internal universal switching power supply.

Full capacity range: 5 to 20,000 kg
Maximum displayed resolution:
1: 10,000d

T31P

-OHAUS T31P

For Dry Applications

The OHAUS T31P is an economical dry-use indicator for applications in production, packaging, warehouse, inventory, shipping and receiving areas.

Full capacity range: 5 to 20,000 kg
Maximum displayed resolution:
1: 10,000d

CD11

-CD11

The affordable weighing and parts counting indicator

For General Purpose weight indication in pounds, kilograms, or grams, or for basic piece counting, the Ohaus CD-11 indicator provides a NTEP resolution up to 1:5,000 U.S. NTEP LFT or non-NTEP LFT resolution up to 1:20,000.

CD31

-CD31

The indicator that goes beyond general weighing

For Multifunctional weight indication, basic parts counting, animal (dynamic) weighing, percent weighing or checkweighing, the Ohaus CD-31 offers a U.S. NTEP LFT resolution of 1:10,000 and a non-NTEP LFT resolution of up to 1:50,000.

CD33

-CD33

The multifunction indicator for quick data entry

For Multifunctional weighing requiring a keypad for input of average piece weights, target weights, or other set-up data, the Ohaus CD-33 provides all of the features of the CD-11 with a 11-key numeric keypad.

CW11

-CW11

The indicator designed for wet environments

When a Washdown indicator is required, the Ohaus CW-11 provides an economical solution for weighing in pounds, ounces, kilograms and grams. Featuring both static and dynamic weighing modes for general weighing and livestock applications, the CW-11 also offers a parts counting mode and an U.S. NTEP LFT resolution of up to 1:5,000/ default resolution of 1:20,000. With an IP65/NEMA 4X housing, the CW-11 is ideal for washdown applications requiring either AC or battery-powered operation.
